Dear Friends,

We warned you that our Quarterly Journal was going to become an “Occasional Journal” and so here we are six months since the last one, bringing you up-to-date on what’s new with us. We’ve been having such a good time, and so much continues to go on it seems like much more time has passed since our last journal. That’s a good thing; the time flies when you’re having fun, thing.

Our biggest news since our last editorial is that once again you put our newest book, Money and the Law of Attraction on the New York Times Best Sellers list. And not just ON the list, but #1 on the list. Abraham’s message continues to move around this planet because you are telling others about us. And we do thank you!

Our 2008 schedule just finished in Maui, HI, rounding out our 40 US city workshop tours, plus five European workshops, three Australian workshops, and four 7-day cruises. Are we having fun, or what!

We are at our new home in Del Mar right now and I am seriously wondering how Jerry is going to drag me away from this incredible place for any reason. We’ve been walking every day through our neighborhood or at the beach, and nearly EVERY day since we’ve been here we have taken more pictures of yet another beautiful sunset. But as I sit here at my great desk in the Monster Bus, I can hear Monster Bus urging us to get back on the road. Something about “too long in one place…” Seems that Monster Bus (and us too, really) are eager to stretch out on the highways of this beautiful country for more meaningful rendezvous with you.

As much as we love being at home, here and in Texas, there is nothing that we love more than the days we spend in workshops with you and Abraham. So take a look at the schedule on page 4-5 of this journal and see if we’ll be in a city near you, (we try to get as close to as many of you as we can) OR come meet us at some beautiful other place on land or at sea. Our Mexico cruise is sold out, but a handful of cabins just became available on our Tahiti Cruise and many great cabins are available on our July 2009 Alaska inside passage cruise.

At the end of the seminar in San Diego, Abraham gave us homework—a handful of processes to get us into alignment (into the vortex) (tuned in, tapped in, turned on) (into the zone) (into our Vibrational Escrow)—and I swear that I’ve been in there ever since. I’m never coming out!

We do love you,
Abraham’s newest book explains that the two subjects most chronically affected by the powerful Law of Attraction are financial and physical well-being. It shines a spotlight on each of the most significant aspects of your life experience and then guides you to the conscious creative control of every aspect of your life. It also goes right to the heart of what most are probably troubled by: Money and physical health. Not having enough money or not having good health puts you in the perfect position for creating more of that which you do not have. This book has been written to deliberately align you with the most powerful Law in the Universe—the Law of Attraction—so that you can make it work specifically for you.

Also included in the book is a free CD (excerpted from a live Abraham-Hicks workshop) that features the Art of Allowing your physical and financial well-being to come through.

Part I
Processes of Pivoting and Positive Aspects

Part II
Attracting Money and Manifesting Abundance

Part III

Health, and the Law of Attraction

My Thoughts Create My Physical Experience

The idea of “success,” for most people, revolves around money or the acquisition of property or other possessions—but we consider a state of joy as the greatest achievement of success. And while the attainment of money and wonderful possessions certainly can enhance your state of joy, the achievement of a good-feeling physical body is by far the greatest factor for maintaining a continuing state of joy and Well-Being.

Every part of your life is experienced through the perspective of your physical body, and when you feel good, everything you see looks better. Certainly it is possible to maintain a good attitude even when your physical body is diminished in some way, but a good-feeling body is a powerful basis for an ongoing good attitude. And so, it is not surprising that since the way you feel affects your thoughts and attitudes about things, and since your thoughts and attitudes equal your point of attraction, and since your point of attraction equals the way your life continues to play out—there are few things of greater value than the achievement of a good-feeling body.

It is quite interesting to note that not only does a good-feeling body promote positive thoughts, but that, also, positive thoughts promote a good-feeling body. That means you do not have to be in a perfect state of health in order to find feelings of relief that eventually can lead to a wonderful mood or attitude, for if you are able to somehow find that relief even when your body is hurting or sick, you will find physical improvement, because your thoughts create your reality.

Complaining about Complaining Is Also Complaining

Many complain that it is easy to be optimistic when you are young and in good health, but that it is very difficult when you are older or sicker . . . but we never encourage using your age or a current state of failing health as a limiting thought that disallows improvement or recovery.

Most people have no idea of the power of their own thoughts. They do not realize that as they continue to find
things to complain about, they disallow their own physical well-being. Many do not realize that before they were complaining about an aching body or a chronic disease, they were complaining about many other things first. It does not matter if the object of your complaint is about someone you are angry with, someone who has betrayed you, behavior in others that you believe is wrong, or something wrong with your own physical body—complaining is complaining, and it disallows recovery.

So whether you are feeling good and are looking for a way to maintain that good-feeling state of being or if your physical body is diminished in some way and you are looking for recovery, the process is the same: Learn to guide your thoughts in the direction of things that feel good, and discover the power that only comes from vibrational alignment with Source.

As you continue to read this book, things that you have known long before you were born will be remembered, and you will feel a resonance with these Laws and processes that will give you a feeling of empowerment. And then all that is required for the achievement and maintenance of a healthy, good-feeling body is some deliberate attention to thoughts and feelings and a sincere desire to feel good.

**I Can Feel Good in My Body**

If you are not feeling good or looking the way you want to look, it has a way of reflecting out into all other aspects of your life experience, and it is for that reason that we want to emphasize the value in bringing your physical body into balance and comfort and well-being. There is nothing in the Universe that responds faster to your thoughts than your own physical body, and so aligned thoughts bring a quick response and obvious results.

Your physical well-being is really the easiest of subjects over which you have absolute control—for it is what you are doing about you. However, because you are translating everything in this world through the lens of how your physical body feels, if you do get out of balance, it can negatively affect a much larger part of your life than only your physical body. You are never more clear about wanting to be healthy and to feel good than when you are sick and feeling bad, and so the experience of being sick is a powerful launching pad for the asking for wellness. So, if, in the moment that your sickness has caused you to ask for wellness you could turn your undivided attention to the idea of being well, it would occur immediately—but for most, now that you are feeling bad, that is what has your attention.

Once you are sick, it is logical that you would now notice how you feel, and in doing so, you would prolong the sickness . . . but it was not your attention to the lack of wellness that made you sick. Instead, it was your attention to the lack of many things that you desire.

Chronic attention to unwanted things holds you in a place of disallowing your physical well-being, as well as disallowing the solutions to other subjects you are focused upon. If you could focus your attention upon the idea of experiencing physical well-being with
Our guests continue to ask such great questions and to draw from Abraham a depth of understanding that just knocks us over, week after week. We are so fortunate to have a great video team traveling from workshop to workshop and capturing these gems—forever!

We have hundreds of hours (from over four years of seminars) in our video film vaults that give us the delightful opportunity to create powerful videos on a myriad of subjects. Right after Thanksgiving (no surprise about the timing of this one) we began gathering and compiling footage on the subject of Natural Weight Loss. We found so much good material that we have put together a two-DVD set, and we can think of no better time to offer it to you (and to us) than now, as we are gearing up to keep our New Year’s resolutions.
Dear Jerry & Esther,

Wow, you can imagine my surprise to open this email and see myself in this video clip for your new DVD Think and Get Slim!!! Watching it made me laugh and cry. I remember this day like it was yesterday and yet it almost feels like someone else sitting there. It definitely looks like someone else. I left that chair and decided that I was going to let go of EVERY-THING in my life that was causing me to resist and turn upstream. I made a decision that “turning in the stream was enough” and that no matter what, I was going to change my energy, love myself, and only take action based on how it made me feel – not what I thought – or others thought I should do.

WOW!!! Abraham was right. It was enough!!! Within a short period of time I began to choose ME first. I stopped living for others and asked myself, “How does this make ME feel? What do I want to do with my life?” I got a clear mental picture of my vision, let go of How to MAKE it happen and just began to go with the inspiration of each moment. Things started moving!!!

Just making that decision made me feel like I was moving again…so instead of springing into action like I have done all my life, I sat with my feelings for a few days and got a clear picture of exactly what I wanted. I wanted to feel free, clean and lean. I could feel my energy was in a great place, so I said yes. Just like Abraham said on this clip, I got into the flow, got results, started feeling better, which shifted my energy even more, which encouraged me to take more action.

Since this video was shot, it has been the EASIEST journey of my life to let go of 65 pounds of unnecessary resistance or fat as some might call it. It literally just left my body. I feel 20 years younger which of course encourages me to keep letting go of the resistance and continuing to let go of the fat. I move faster and faster downstream towards everything I want. It just gets easier each passing day and for the first time in my life, I KNOW that my perfect weight is an absolute for me as long as I continue to let go and flow!

I love you guys. Thanks for letting me revisit the moment it all turned around for me…the moment I let go and allowed the stream to turn me downstream. (I have enclosed a picture so you can see the transformation so far.) See you down the road!!!

When You Ask It Is Given

...We began today by saying that the best title of any book ever written was (has been, is, and will always be) Ask and It Is Given because it tells the story exactly the way that it is. Dear hearts, when you ask you are worthy to receive. And the larger part of you is an immediate receiver of whatever it is that you are asking for. You came here for the ride toward the stuff. But you didn’t come here for the stuff—you came here for the excuse to take the journey. A man said (best question we ever heard) “Why does the dog put its head out of the window of the automobile, and risk getting bugs in its eyes?” And we said, because the ride is so worth it. And that’s what every one of you said. You knew there would be bumps, and that out of it would come desire, and you knew that when you turn in the direction of your desire, that you will have a glorious ride. And further, you know that the ride never ends and you cannot get it wrong. And the reason that you cannot get it wrong is because it is never done And the reason that it is never done is because wherever you are standing, there will always be more that you are asking for. We have enjoyed this interaction immensely. There is great love here for you, and we remain, as always, eternally incomplete.

San Diego, A — 3/10/07B

G-1/28/07 — Are desires as pleasurable as manifestations? What are the rewards for paddling upstream? Why is artist’s emotional ride so dramatic? Should their child’s movie watching be curtailed? Does his religion conflict with Abraham’s teachings? Near death experience evoked desire to help. Ship’s doctor has a Chinese acupuncture question.

G-2/17/07 — Life will inevitably cause you to want. Your life is supposed to feel good. But, if self-righteousness feels like: Well-Being. They share a perspective of Universal Evolution. Must polio and paralysis be in her future? Her son won’t complete his homework. Abraham, please tell us who you are?
G-2/24/07A — Why haven’t humans constructed another Planet Earth? Just point at desires, and keep going. Source Energy is purring in us all. What do you believe is your value? Have you ever thought about your feelings? Shamanism and the beasts of our Planet? Are you wanting to wake up rested?

G-2/24/07B — Some words from Abraham regarding a teenager. Why would bad things happen to children? Time off, to give him time, didn’t. If using 90 percent of our potential? He has an unreasonable fear of sharks. If all is curable, “why’s death inevitable”? Dumbing down the “Where’s my relationship?”

G-3/10/07A — Up to speed with what you’ve become? The call of Source always sounds like relief. Without Esther, could there be another Abraham? If the world understood Law of Attraction? Isn’t “hearing voices” evidence of mental illness? Life is so good it scares her. What is my “fair share” of abundance?

G-3/10/07B — Are our egos not to be diminished? Why warriors choose violent movies over musicals. Procrastination can avoid a counterproductive action. Talk only about what you really want. His mother wants to be a grandmother. We are not “multiple swine spirits” cast out? Do adopted children have a different Energy.

G-4/1/07A — Imagine the power of the Evolved You. Is it time to reach for relief? You’re wanting the journey, not the destination. She wants to have much more fun. Why does she miss her stroke-burdened father? Must a devilish restriction offset magnificent manifestation? He chose abusive Afro-American life experience?

G-4/8/07 — Would you ever want an environment without contrast? But, when religious bias affects one’s career? Can value be found in every religion? New contrast details evoke our new preferences. There’s no “price to pay” for manifestations? But, good comes to her so easily? What’s the secret behind “The Secret”?

G-4/12/07 — Think of this as your creative opportunity. What would a Buddha Consciousness look like? Has questions about death, health and dying. She’s seen 100’s of blissful babies birthed. Can this singer present her authentic self? Life caused me to ask for what? Before doing it, line up with it. We are Abraham, and we are...

This is the best book Esther and Jerry Hicks have produced with Abraham to date. I didn’t think any book could surpass their classic Ask & It Is Given but this one does. It is a brilliant sharing of Abraham’s message. This book gives clear, detailed instructions for creating the life you want. It teaches skills that can be applied to any aspect of your life. If there is an area you would like to improve, you will know, by the time you are finished reading, how to create that change.

What’s new? Some of the most popular topics asked at Abraham-Hicks workshops are covered here in depth, including money and financial abundance, physical well-being, health and body size, and career. Readers get their most expansive perspective, of Jerry, to date, which is a joy. Strong emphasis is placed on the powerful tool of pivoting to a better-thinking, better-feeling place.

If you could buy only one book on the Law of Attraction, this is it. If you want a happier, more fulfilling, abundant, healthy and fun life, start here.

If anyone is looking for alignment with manifesting their desires on many different levels, then this is the book! I am thoroughly enjoying this book and I appreciate the section of the book devoted to “Perspectives of Health, Weight and Mind,” because it allows this book to reach further on all levels of our financial wealth... The added jewel in this book is the included CD. It is a phenomenal tool to help change patterns of thought. Each time I listen to the CD I receive new pieces of information that I did not hear before. Fantastic!!! Thank you again Jerry, Esther and Abraham for delivering such quality material!

— Maria Furiano — CA

We began reading this book almost immediately upon receiving it - and immediately began putting into practice some of the techniques described in the book. IT REALLY DOES WORK.

Just by changing our usual negative thought patterns we have already experienced an improvement in our quality of life. I now have no doubt in my mind that I can have everything that I want.

It’s nice that my husband has been reading the book with me, because we are able to remind each other when we are getting sucked into our old habits. We have a young daughter who will benefit from the positive principles described in this book and not ever have to “retrain” her thoughts when she becomes older.

We will be eternally grateful to Jerry and Esther Hicks - and Abraham - for sharing this so the rest of us can experience our own good fortune.

Oh, and the book comes with a CD as well, which my husband listens to driving to and from work. Since he does not have as much time to read the book as I do, it helps him stay on track.

It’s inspiring

Money, and the Law of Attraction is inspiring. It is about much more than money. They are so “right-on” about health and well-being. I wish everyone would read it. If we could all realign our thinking into this paradigm, we’d be a lot happier. (I’m working on it.)

— Jari Forsman — CA

Amazing book that makes plenty of sense. I bought it for the health issue part, but find it all fits together. The title gets you in, ah, we can all use more money, right, but the information enclosed is far beyond that. You learn you can apply the principals of Abraham to all areas of your life.

I have been a fan of the Abraham teachings for over two years; and Esther and Jerry Hicks’ latest book really ties up the teachings and will give you the answers on how to change your life experiences to attracting the kind of income, career, relationships and joyous experiences you want to bring into your life. The easy to read book with exercises and tips really does shift your view point by a process called Pivoting that will turn contrasting experiences to harmonious events. In my personal life it has improved my income, relationships with co-workers and increasing sales in my job and lots of fun and joyous experiences—I even feel peaceful on public transportation and enjoy my interactions with my fellow passengers on a daily basis. I have enjoyed this book so much that I am starting a Law of Attraction group in my home so we can help each other bring in our goals and desires. This is the best investment I have made in my life.

— Evelyn L. Abston — CA

I loved studying Ask and It Is Given and thought to myself, this is the best book ever written on practical ways to live a more fulfilling and exuberant life on planet earth in this diverse Universe. But the better it gets, the better it gets!

Additional clarity on all aspects of life has been provided in this new lovely, practical and comprehensive book of Abraham’s teachings, which should be kept handy wherever one goes. I will recommend this new exuberant book to all people who desire to have the same intent of growth in their lives like I do.

I’ll always love you Abraham, Esther and Jerry Hicks!
— Patrick Kayondo — Internet

I totally agree with a previous very helpful review saying that this is the best book by Esther, Jerry Hicks & Abraham, even better than their classic Ask and It Is Given book, one of my favorites.

I did read hundreds of prosperity books, but something still was missing in my life, my financial prosperity success was very elusive, simply because I did focus too much on the “lack of it”, fear, worry, impatience, something for nothing...

With deep gratitude and appreciation, reading this book and listening to the CD night & day, I did feel that something clicked deep inside me finally, and I did change my inner focus to more freedom, growth and joy, seeing abundant financial results in just 3 days already, plus that all the continuous progress: It gets better and better, WOW, IT WORKS!

PS

As a health consultant, I coach people with advanced cellular nutrition and weight loss, after losing, myself, 110 pounds during last 1-2 years, and I just want to quickly add that the book’s advice on weight management, health issues, careers is very sound, right on the money; one section is better than another, with very deep issues explained in great details.

Overall, this book is a masterpiece, enjoy and offer it as a precious gift to all your friends & family!

Since 1987 we’ve been conducting up to 60 Abraham seminars per year, and as a result have gathered an enormous library of Abraham’s wisdom. But in 2004, our collection of information was dramatically enhanced when Mike and Karen Sherlock joined our on-the-road staff and began recording our seminars on video tape.

We experience so many instances where the combination of one of our guest’s amazing questions extracts something from Abraham that leaves us thrilled with another new insight.

In 2007 we began posting some of these thrilling moments in a series of short video clips on YouTube. Since these clips have received over a million viewings we thought you might enjoy experiencing them at your leisure, in your DVD player or computer, in higher resolution. This is the first volume of thirteen of those enlightening video clips.

ABRAHAM, THE SECRET
BEHIND THE SECRET

We put Peter Beamish off, when he asked to do this taped interview with us and with Abraham, telling him we just had too much going on. He promised us that he would be brief, could ask the questions and shoot the film all in one day, and so we agreed to do the interview. Not only was Peter true to his word, arriving at our Abraham-Hicks Conference center with a big truck full of cameras, camera men, lighting and all manner of impressive equipment, but his interview questions evoked from us and from Abraham a dynamic interview full of incredible new insights.

As we watch this DVD and relive the interview with Peter plying Abraham with his hard-hitting and broad range of questions, we are reminded again of the brilliance and love of Abraham.

Peter has scored this wonderful trilogy with some of the finest music available on the planet today. The combination of Peter’s remarkable questions, Abraham’s remarkable answers and this amazing blending of music and wonderful photography from Peter’s talented group at Aura Productions, makes this a product we are very proud of.

This interview was taped just a few weeks before Rhonda Byrne (and The Secret film crew) joined us on our Alaskan cruise to film our part of the movie, The Secret. This DVD contains important Source material that was not included in The Secret movie.

A WONDERFUL GIFT TO GIVE YOURSELF—INTRODUCING Abraham: The Secret Behind "The Secret" is the spiritual glue that was missing in The Secret blockbuster talking-heads film. Esther Hicks’ role in The Secret was edited out due to the filmmakers’ conflicting contract issues, nevertheless, this resulting DVD fills in the gaps and adds a spiritual understanding that might have been difficult to accept for The Secret’s mainstream audience.

In spite of my already knowing the Hicks’ story and having read their books, I found this DVD so entertaining, educational and stimulating that I watched it three times in the first week. If you’re open-minded to the concept of spiritual consciousness, this is a wonderful gift to give yourself.

EXCELLENT DVD. A powerful tool because I have seen, read, and heard most of this information before, but THIS TIME, I got 7 or 8 new clarities and belief strengtheners and mental cement enlightenments. It is difficult to describe how the same slant of ideas re-heard with extra focus (due to the video nature), can allow in further clarity, insight and connection. I agree when they say it is the best representation of these ideas. Clear and personal. It got me! And also... Thank you Jerry for the skipping.

Habits are usually created slowly. And since a major aspect of the value to you of using this material will be the changing — often slowly — from unwanted habits of thought to habits of thought that are more appropriate to your current conscious desires — **but the most common use of this calendar will be as a joyous 365 day journey into a new world of leading edge thought and experience.**

Begin experiencing the power of this calendar at any time. You don’t have to wait until the first of next year. However, in order to get into time sequence with the calendar — it is best to start at a month’s beginning. Let the first day of your first month be day one (page three) of this calendar.

After over 30 years of studying, teaching and enjoying the art of personal fulfillment, I have long understood the power of clarifying and writing out my decisions in appointment books, journals, organizers, etc. But as the years passed, I became aware that at the most joyous and highly productive segments of my life — I simply carried, daily, a fresh, updated sheet of paper in my pocket. This works!

The first sides of the pages are compilations from the best of the Abraham teachings. The second sides of the pages are designed to accommodate your daily list of things to do. But as the course progresses, you will discover that the pages will be offering processes and techniques to fit the advancing stages of your progression within these materials.

Your only power to create your life is in this moment, and the Abraham-Hicks Planning Calendar is designed to focus the purest of your intentions to your todays, the time in which you have your creative power.

*In our estimation, this Abraham-Hicks Planning Calendar/Workbook is the most effective tool available for the practical application of “The Science of Deliberate Creation.” Utilize it to create and to teach others to create, the perfect (by your ever changing standards) adventure in living.*
If you want to change what you are living, you only have to change the balance of your thought.” — Abraham

Abraham-Hicks Daily Planning Calendar and Study Group Workbook

A 365 DAY COURSE IN SPIRITUAL PRACTICALITY

• The material in this calendar/workbook has been specifically intended as an experiential guide to comfortably change your balance of habits of thought to that which will enrich every aspect of your experience.

• Begin in any month. The pages are left to be dated by you.

• This is a study to do, not a study to simply peruse. It is a study to have fun with in every way that you can imagine.

• The pages are the size of two $100 bills, side-by-side. Tear out a page a day. They are portable. Fold them into your wallet or checkbook, or simply carry them in a pocket. On one side you will find life enriching reminders of some things you may have forgotten and on the other side you can write intentions, ideas, names, numbers. Post them on your mirror, refrigerator, the sun visor of your car...

as much passion as you focus upon the absence of it, not only would your recovery come quickly, but maintaining your physical well-being and balance would also be easy.

Words Do Not Teach, but Life Experience Does

Simply hearing words, even when they are perfect words that accurately explain truths, does not bring understanding, but the combination of careful words of explanation, coupled with life experience that is always consistent with the Laws of the Universe, does bring understanding. It is our expectation that as you read this book and live your life, you will achieve a complete understanding of how all things occur in your experience and you will accomplish complete control of all aspects of your own life, especially things that have to do with your own body.

Perhaps your physical condition is exactly as you want it to be. If that is the case, then continue to focus upon your body as it is, feeling appreciation for the aspects that are pleasing you—and you will maintain that condition. But if there are changes that you would like to make, whether it is in appearance or stamina or wellness, then it will be of great value for you to begin telling a different story—not only about your body, but about all subjects that have been troubling to you... As you begin to positively focus, getting to feel so good about so many subjects that you often feel passion rise within you, you will begin to feel the power of the Universe—the power that creates worlds—flowing through you.

You are the only one who creates in your experience—no one else. Everything that comes to you comes by the power of your thought.

When you focus long enough that you feel passion, you harness more power and you achieve greater results. The other thoughts, while they are important and have creative potential, usually are only maintaining what you have already created. And so, many people continue to maintain unwanted physical experiences simply by offering consistent—not powerful, and not accompanied by strong emotion—thoughts. In other words, they merely continue telling the same stories about things that seem unfair, or unwanted things that they disagree with, and in doing so, they maintain unwanted conditions. The simple intention of telling better-feeling stories about all subjects that you focus upon will have a great effect on your physical body. But since words do not teach, it is our suggestion that you try telling a different story for a while and observe for yourself what happens.

The Law of Attraction Expands My Every Thought

The Law of Attraction says that that which is like unto itself, is drawn. In other words, that which you think, in any moment, attracts unto itself other thoughts that are like it. That is why whenever you are thinking about a subject that is not pleasant, more unpleasant thoughts regarding that subject are quickly drawn. You find yourself, in very short order, not only experiencing what you are experiencing in this

Continued from page 9

Continued on page 31
moment, but reaching into your past for more data that matches that vibration—and now, by the Law of Attraction, as your negative thought expands proportionately, so does your negative emotion.

Soon you find yourself discussing the unpleasant subject with others, and now they add to it, often reaching into their past . . . until, in a very short period of time, most of you, upon any subject that you ponder very long, attract enough supporting data that it does bring forth the essence of the subject of the thought into your experience.

It is natural that by knowing what you do not want, you are able to clarify what you do want; and there is nothing wrong with identifying a problem before beginning to look for a solution. But many people, over time, become problem oriented rather than solution oriented, and in their examination and explanation of the problem, they continue the perpetuation of the problem.

Again, a telling of a different story is of great value: Tell a solution-oriented story instead of a problem-oriented story. If you wait until you are sick before you begin to try to focus more positively, it is much harder than if you begin to tell the story of Well-Being from your place of feeling good . . . but, in any case, your new story will, in time, bring you different results. That which is like unto itself, is drawn—so tell the story you want to live and you will eventually live it.

Some people worry that since they are already sick, they cannot now be well because their sickness now has their attention, and therefore their attention to sickness is perpetuating more sickness. We agree. That would be correct if they only have the ability to focus upon what-is at this time. But since it is possible to think about things other than what is happening right now, it is possible for things to change. However, you cannot focus only upon current problems and get change. You have to focus upon the positive results you are seeking in order to get something different.

The Law of Attraction is responding to your thought, not to your current reality. When you change the thought, your reality must follow suit. If things are going very well for you right now, then focusing upon what is happening now will cause the well-being to continue, but if there are things that are happening now that are not pleasing, you must find a way of taking your attention away from those unwanted things.

You have the ability to focus your thoughts—about yourself, about your body, and about the things that matter to you—in a different direction from only what is happening right now. You have the ability to imagine things that are coming or to remember things that have happened before, and when you do so with the deliberate intent of finding good-feeling things to think and speak about, you can quickly change your patterns of thought, and therefore your vibration, and eventually . . . your life experience.

15 Minutes to My Intentional Well-Being

It is not easy to imagine a healthy foot when your toe is painfully throbbing, but it is of great value for you to do everything you can to distract
yourself from your throbbing toe. However, a time of acute physical discomfort is not an effective time to try to visualize well-being. The best time to do that is when you are feeling the best you usually feel. In other words, if you usually feel physically better during the first part of the day, choose that time for the visualization of your new story. If you usually feel best after taking a long, warm bath, choose that time for visualization.

Set aside approximately 15 minutes where you can close your eyes and withdraw as much as possible from your awareness of what-is. Try to find a quiet place where you will not be distracted, and imagine yourself in a state of physical thriving. Imagine walking briskly and breathing deeply and enjoying the flavor of the air you are breathing. Imagine walking briskly up a gentle incline, and smile in appreciation of the stamina of your body. See yourself bending and stretching and enjoying the flexibility of your body.

Take your time exploring pleasant scenarios with the sole intent of enjoying your body and appreciating its strength and stamina and flexibility and beauty. When you visualize for the joy of visualizing rather than with the intention of correcting some deficiency, your thoughts are more pure and therefore, more powerful. When you visualize to overcome something that is wrong, your thoughts are diluted with the lackful side of the equation.

Sometimes people explain that they have long-held desires that have not manifested, and they argue that the Law of Attraction is not working for them—but that is because they have been asking for improvement from a place of keen awareness of the lack of what they desire. It takes time to reorient your thoughts so that they are predominantly focused toward what you want, but in time it will feel perfectly natural to you to do so. In time, your new story will be the one that you tell most easily.

If you do take the time to positively imagine your body, those good-feeling thoughts will become dominant, and then your physical condition must acquiesce to those thoughts. If you only focus upon the conditions as they exist, nothing will change.

As you imagine and visualize and verbalize your new story, in time you will believe the new story, and when that happens, the evidence will flow swiftly into your experience. A belief is only a thought you continue to think, and when your beliefs match your desires, then your desires must become your reality.

Nothing stands between you and anything that you desire other than your own patterns of thought. There is no physical body, no matter what the state of decline, no matter what the conditions, that cannot achieve an improved condition. Nothing else in your experience responds as quickly as your own physical body to your patterns of thought.

With a little bit of effort focused in the right direction, you will achieve remarkable results, and in time, you will remember that you can be or do or have anything that you focus upon and achieve vibrational alignment with.
The Teachings of Abraham™

THE ‘MAGICAL’ CARD DECKS

The information on these cards has been excerpted from Abraham’s New York Times Best Seller The Basics of the Law of Attraction.

Although you’ve always been surrounded by the evidence of the Law of Attraction, a conscious awareness of this powerful Law will be activated within you as you experience these beautiful cards; and your deliberate control of your life experience will be dramatically enhanced as you utilize them in your own personal way.

“We know that you are meant to live a joyful life; and we also know that conscious, deliberate self-empowerment is essential to be able to live a joyful life. It pleases us to know that these cards will remind you that you do have personal control of your own life experience.”

These beautiful cards capture the essence of the life-changing, best-selling book Ask and It Is Given.

You will experience an enhancing of your personal power, which may, at first, seem illogical or even magical, as the Energy Stream from which these cards have come dovetails with the true essence of your own being.

As you return for frequent visits to these beautiful cards, you will begin to notice a definite closing of the gap between where you are and where you want to be on all subjects that are important to you.

Have fun with this!

Words—words of new perspectives, words of an enlightening perspective, words that were once known but somehow forgotten—that’s what these Well-being cards are about…Words don’t teach, life experience teaches. But with these Abraham-Hicks words fresh in your mind, your every life experience will now be more meaningful to you. And since nothing is more important than feeling good, nothing is more valuable than these processes that will allow more of your natural Well-being to flow…Have fun with these cards. Let these words inspire thoughts that will attract to you more of that which evokes your greatest joy.

This is a perfect gift item for someone you really care about.
A Twelve Point Synopsis of Abraham-Hicks’ Teachings

1 You Are a Physical Extension of That Which is Non-physical.
All-That-Is, or that which you call God, is not finished and waiting for you to catch up. You are the leading edge of thought, here seeking more: more of all that feels good to you, more of that which is fresh and gloriously uplifting. (You are, in essence, bringing heaven to earth.)

2 You Are Here in This Body Because You Chose to Be Here.
You chose the opportunity to experience this delicious contrast in time and space, and with great anticipation you came to co-create with other joy-seeking Beings, to fine-tune the process of deliberate thought. (What, where, when and with whom you create are your choices, too.)

3 The Basis of Your Life is Freedom; the Purpose of Your Life is Joy.
You are free to choose to discover new avenues for your joy. In your joy you will grow; and in your growth you add to the expansion of All-That-Is. (However, you are also free to choose bondage or pain . . . but everything anyone chooses is only because they believe it will help them feel better.)

4 You Are a Creator; You Create With Your Every Thought.
By the Universal Law of Attraction, you are attracting the essence of whatever you are choosing to give your attention to — whether wanted or unwanted. And so, you often create by default. But you can know by how your emotion feels if what you are attracting (creating) is what you are wanting or if it is not what you are wanting. (Where is your attention focused?)

5 Anything That You Can Imagine is Yours to Be or Do or Have.
As you ask yourself why you want it, the essence of your desire is activated, and the Universe begins to bring it to you. The more intense your positive feelings, the faster it is coming to you. (It is as easy to create a castle as a button.)

6 As You Are Choosing Your Thoughts, Your Emotions Are Guiding You.
Your loving Inner Being offers guidance in the form of emotion. Entertain a wanted or unwanted thought, and you feel a wanted or unwanted emotion. Choose to change the thought and you have changed the emotion — and you have changed the creation. (Make more choices in every day.)
The Universe Adores You for it Knows Your Broadest Intentions.
You have chosen to come to earth with great intentions, and the Universe constantly guides you on your chosen path. When you are feeling good, you are, in that moment, allowing more of that which you have intended from your broader perspective. (You are Spirit Incarnate.)

Relax into Your Natural Well-Being. All is Well. (Really It Is!)
The essence of all that you appreciate is constantly flowing into your reality. As you find more things to appreciate, your state of appreciation opens more avenues to more for which to feel appreciation. (As you think, you vibrate. As you vibrate, you attract.)

You Are a Creator of Thoughtways on Your Unique Path of Joy.
No one can limit where you can direct your thought. There are no limits to your joyous journeys to experience. On the path to your happiness you will discover all that you want to be or do, or have. (Allowing others their experiences allows you yours.)

Actions to Be Taken and Possessions to Be Exchanged Are By-products of Your Focus on Joy.
On your deliberately joyous journey your actions will be inspired, your resources will be abundant, and you will know by the way you feel that you are fulfilling your reason for life. (Most have this one backwards, therefore most feel little joy in their actions or their possessions.)

You May Appropriately Depart Your Body Without Illness or Pain.
You need not attract illness or pain as an excuse to leave your body. Your natural state — coming, remaining or leaving — is that of health and Well-Being. (You are free to choose otherwise.)

You Can Not Die; You Are Everlasting Life.
In grace, you may choose to relax and allow your gentle transition back into your Non-physical state of pure, positive Energy. Your natural state is that of Foreverness. (Have fun with all of this! You can’t get it wrong, and you’ll never get it done.)

PS It is not necessary for even one other person to understand the Law of Attraction or the processes that we are offering here in order for you to have a wonderful, happy, productive Life Experience — for you are the attractor of your experience. Just you!

Jerry & Esther
Yesterday I received the Introduction to Abraham CD! Although I have been working with Abraham’s ideas for more than a year, am a member of the “CD of the Month” club, and was very happily present at the workshop at the Biltmore Estate in Asheville, I had never heard the introductory tape. Well, the information on that CD helped me bridge a gap in my thinking about the principles of deliberate creation. And the clarity feels wonderful! Many thanks for the CD, and for all the wonderful work you are all doing!

With boundless appreciation, — LR — NC

Thanks for the wonderful new Introduction CD. Wow! I’m so very pleased! My gratitude, for so much Joy and Well-Being that I am now experiencing, is immense. I resonated with the comments from the readers and listeners on the inside of the jacket cover of the CD: “I’ve been a ‘searcher’, ‘seeker’, ‘sharer’ since I was a teen,” except in my case it’s been since I was about 5. The next line just floored me, “My middle name was purported to be ‘Why?’” How true… I was asking as a child. Especially as a child. I never stopped asking. And thank you for clarifying the role that “contrast” plays in our lives. Yes, all the pieces are finally falling into place. And also “Thank you for helping to put the fun back into my life”. My entire experience has pivoted, literally.

Thanks again — In absolute bliss — BF — Canada

Each day, you’ll come to understand how your relationships, health issues, finances, career concerns, and more are influenced by the Universal Law of Attraction that governs your time-space reality—and you’ll discover powerful processes that will help you go with the positive flow of life. So start making your dreams a reality . . . right now!

**THIS BOOK WOULD MAKE A WONDERFUL GIFT.** And is perfect to keep by your bedside or favorite reading chair for a gentle walk-thru at any time you need a lift. It is too beautifully illustrated to put on a bookshelf!

Abraham’s words, in any format, are like being wrapped in a warm blanket when you come in from the cold. These words are indeed wonderful guidance delivered in small, easy to understand and absorb, doses. — Marsha — SC

**THIS BOOK CONTAINS EXACTLY THE SAME MATERIAL AS ASK AND IT IS GIVEN PERPETUAL FLIP CALENDAR.** It’s smaller. I can easily fit it in my purse or find the passage I want. The art throughout this book is beautiful. The feeling it invokes puts me in the appreciation mode effortlessly. — Vision Girl — Manhattan, NY

**ASK AND IT IS GIVEN PERPETUAL FLIP CALENDAR**

*WHEN YOU DO NOT UNDERSTAND THE POWER BEHIND IT, IT ALMOST SEEMS MAGICAL. HOWEVER, IT IS NOT MAGIC.* It is the natural result of you tapping into the loving stream of Non-Physical Energy that has come forth onto these pages in response to the asking of millions of people. Those who are not yet aware of the powerful Stream of Well-Being that flows to each of us from the Non-physical find the utilization of this *Ask and It is Given Calendar* irrationally powerful.

The calendar is spiral bound for durability and functionality, and it’s hard board cover folds out into a convenient triangular desk top display to allow hands-free creating. Have fun with this!
Instead of the out-of-control, knee-jerk reactions that most people have to their ever-changing life experience, this book will put those emotional responses into a broader context. You will come to understand what each of your emotions means—relative to the Law of Attraction—and how to effectively utilize your new awareness of them... Even though there is so much more that you may desire, this book will help you to appreciate, and make peace with, where you are right now. Every page will bring you to a greater understanding of your own personal value and will show you how to open your own doors to whatever you may desire. And as you turn the last page of this book, you will say, “I have always known this, but now, I know this!”

MOST POWERFUL AND USEFUL: I have read the book twice and continue to listen to the audio version over and over. This is one of the most powerful books to come along in the past 25 years. It teaches on so many different levels. It is full of useful and applicable information. If you want to be in control of your life; if you want to be, do or have anything... then this is a must have book!!! — Jeffery L. Fannin PhD — AZ

BEST ABRAHAM BOOK YET! Whether you’re just finding Abraham and are new to this, or, like me have been a student of Abraham for some time, this book will be so perfect for you! And, then I bought the CD of it, and having it read aloud by the marvelously energetic Jerry Hicks is so much extra frosting on a perfect cake! I loved reading every word of the book, and so enjoy having it on CD to listen to while I am driving or cooking or whatever. I am standing on my chair jumping up and down waving at everyone to buy this!

The ground-breaking philosophy of practical spirituality, that you are about to discover in this book, was first revealed to Esther and me, in 1986, in response to the very long list of questions that I had been, for many years, without answer for.

Within these pages you will find the very basics of the Teachings of Abraham® as they were lovingly spoken to us in the very first days of our interactions with them.

The recordings from which this book evolved were first formally published in 1988 as part of an album of ten Special Subjects cassette recordings. But since that time many aspects of Abraham’s basic teachings regarding the Universal Law of Attraction have been published in varied forms of books, CDs, DVDs, card decks, calendars, articles, radio and television shows, and workshops, as well as by the many other best-selling authors who have incorporated the teachings of Abraham into their teachings… However, never before this book, The Law of Attraction, have these original teachings been published in their entirety in a single volume. — Jerry

SARA, BOOK 1

SARA LEARNS THE SECRET ABOUT THE LAW OF ATTRACTION is a novel about a young girl, Sara, who learns about life through a wise owl named Solomon.

As you settle into this book you will begin to experience Sara’s life, almost as if it is your own. You’ll discover that the questions that Sara’s life uncovers will not be so different from the questions of your own life.

Sara has the benefit of a wise and wonderful mentor who not only knows the answers to all questions, but also understands that words don’t teach. Solomon wisely helps Sara to find the answers to her very important questions through her own life experience. And as Sara discovers her answers — you will very likely discover some of your own, as well.

Spanish Edition: El Libro de Sara $17:00 (plus D/P)

SARA, BOOK 2

THE LAW OF ATTRACTION KEEPS NO SECRETS When Seth moves into Sara’s mountain town, and right into the middle of all of the secrets of Thacker’s Trail, Sara doesn’t know what to do with him. She is drawn to him in a strange and powerful way, but the idea of letting anyone in on her unbelievable secrets seems impossible. But Sara soon comes to trust Seth, and together they embark on an even more wonderful experience with Solomon.

Seth has been gathering important questions all of his very short life. He can barely believe his good fortune in meeting Solomon, who understands all things.

You’ll enjoy seeing Sara’s good life getting even better, and Seth’s rather awful life becoming wonderful. And like everyone else, you will love Solomon.

SARA, BOOK 3

A TALKING OWL IS WORTH A THOUSAND WORDS Sara has a hard time understanding why Seth wants to befriend the new girl in town and even share their secrets of Thacker’s Trail. Even Solomon’s reassuring words don’t soothe Sara. But Sara discovers that not only does Annette’s presence not detract from her joyful experience, but that it adds to it in many more ways than she could have imagined. The secrets of Thacker’s Trail are known by more than Sara knew, and it turns out that Sara doesn’t mind sharing her secrets as much as she at first believed.

Life just gets better and better for these extraordinary young people. And yours will, too, as you read their stories.
SARA, AUDIO BOOK 1

I BOUGHT ALL 3 BOOKS AND CD’s OF SARA for my 4-year old daughter. Sometimes I am not sure who loves them more... :-) We listen to it together while driving places and sometimes she just puts on her headphones and listens alone. We also read 1-2 chapters a night and she loves the stories!!! Although she is just 4, she is getting it. She always says "remember what Sara says?" and then she quotes Sara for a specific situation. Amazing...I wish I’d had this when I was growing up—life would have been less of a surprise!
Andrea Hale — CA

SARA, AUDIO BOOK 2

MY KIDS CAN SMELL A STORY WITH A MORAL IN IT A MILE AWAY but they absolutely loved this book!!! They’re 13 and 10 (a girl and a boy). I read it to them and mentioned nothing about the message but they both started asking questions and practicing what Sara was doing. We finished reading it for the second time last night and I thought I’d come here and see if the next one was available yet. I just ordered Sara Book 2 and they’ll be thrilled to find out it’s on the way. Actually I find it so helpful and practical for myself, too.

SARA, AUDIO BOOK 3

I AM FAMILIAR WITH THE TEACHINGS OF ABRAHAM and was so delighted when I found the Sara series that I could read to my children ages 7 and 4. They loved all of them and are hoping for a fourth. These books made the Abraham teachings easy for me to understand and the children soaked it all in easily.

The books have changed our lives as a family. I have recommended the series to friends that don’t have children because it is such an easy way to understand the Law of Attraction. Great book for children and adults.

MUSICALLY SCORED BY STEWART ST. JOHN
If you like upbeat music, and if you are looking for a way to remind yourself of the uplifting Law of Attraction philosophy that you have learned from Abraham, you are going to love these musical albums.

Francine Jarry, our dear friend from Montreal, has truly captured the essence of Abraham’s message in this wonderful music. The combination of this beautiful music, and Francine’s clever interpretation of Abraham’s message will take you to an even deeper level of understanding and most of all, of remembering the message.

From her Count Your Blessings, and Reach for a Thought That Feels Better, (on her Joy, Joy, Joy album) she carries us through to the rollicking I Want to Live My Life to the Fullest, and on to the elegant, meditative Joy to the Universe. Both albums include bright melodies that project a wide range of musical styles.

The second half of the New Adventure album promises to give the listener a first in a lifetime experience. You will be enraptured when you immerse yourself in this 30 minutes of Abraham’s Rampages of Well-Being. Over Francine’s haunting Mayan Theme, we have blended, (from three live workshops) Abraham’s Living Happily Ever After and Finding My Core Beliefs, and finally Abraham reminds us that our Well-Being is natural with their, never to be forgotten, It Is Good To Feel Good.
With some sort of magical genius, Scott Raposa has taken actual dialogue from Abraham Law of Attraction seminars and combined it with the brilliance of his high-energy music. Scott sent samples of three incredible songs to us a few months ago and we heard and absorbed Abraham’s teachings in an entirely new way... We were so thrilled with the impact that this amazingly new presentation of Abraham’s teachings had on us that we gave Scott the go-ahead to produce an entire album.

Through the magical projection of Scott’s high vibration music, this album Law of Attraction Directly from Source will powerfully and playfully immerse you in the progressive stream of thought and the highly practical wisdom of The Teachings of Abraham ®.

Each track features leading-edge, electronically influenced music that has been woven around the empowering and upbeat voice of Esther as she speaks for Abraham—a Nonphysical group of obviously evolved teachers.

So just relax and listen quietly, or crank it all the way up, as you move and groove with your own vibrational being. Either way, prepare yourself for a sonic ride on the soothing—yet soul stirring—audio stream of Well-Being.

The idea of “success,” for most people, revolves around money or the acquisition of property or other possessions—but we consider a state of joy as the greatest achievement of success. And while the attainment of money and wonderful possessions certainly can enhance your state of joy, the achievement of a good-feeling physical body is far the greatest factor for maintaining a continuing state of joy and Well-Being. And so, there are few things of greater value than the achievement of a good-feeling body.

Most people do not realize that as they continue to find things to complain about, they disallow their own physical well-being. Many do not realize that before they were complaining about an aching body or a chronic disease, they were complaining about many other things first. It does not matter if the object of your complaint is about someone you are angry with, behavior in others that you believe is wrong, or something wrong with your own physical body—complaining is complaining, and it disallows improvement.

It is not attention to lack of well-being that makes you sick. It is attention to the lack of many things… Chronic attention to unwanted things holds you in a place of disallowing your physical well-being, as well as disallowing the solutions to other things you are focused upon. If you would focus your attention upon the experience of physical well-being as much as you focus upon the absence of it, not only would your recovery come quickly, but maintaining your physical well-being and balance would also be easy.

You are the only one who creates in your experience—no one else. Everything that comes to you comes by the power of your thought. If there are changes you would like to make, it will be of great value to begin telling a different story—not only about your body, but about all subjects that have been troubling to you. As you begin to positively focus, getting to feel so good about so many subjects, you will begin to feel the power that creates worlds flowing through you.

The Law of Attraction says that that which is like unto itself, is drawn. In other words, that which you think, in any moment, attracts unto itself other thoughts that are like it. That is why whenever you are thinking about a subject that is not pleasant, in a very short period of time, most of you, upon any sub-
ject that you ponder very long, attract enough supporting data that it does bring forth the *essence* of the subject of the thought into your experience.

It is natural that by knowing what you *do not* want, you are able to clarify what you *do* want; and there is nothing wrong with identifying a problem before beginning to look for a solution. But many people, over time, become problem oriented rather than solution oriented, and in their examination and explanation of the problem, they continue the perpetuation of the problem. That which is like unto itself, is drawn—so tell the story you want to live and you will eventually live it.

The Law of Attraction is responding to your thought, not to your current reality. When you change the thought, your reality must follow suit. If things are going well for you, then focusing upon what is happening now will cause the well-being to continue, but if there are things happening now that are not pleasing, you must find a way of taking your attention away from those unwanted things.

You have the ability to quickly change your patterns of thought, and eventually… your life experience.

Take 15 minutes daily, thinking of pleasant scenarios regarding your body, with the sole intent of enjoying your body and appreciating its strength and stamina and flexibility and beauty. When you visualize for the joy of visualizing rather than with the intention of correcting some deficiency, your thoughts are more pure and, therefore, more powerful. When you visualize to overcome something that is wrong, your thoughts are diluted with the “lackful” side of the equation. In time, your physical condition will acquiesce to your dominant thoughts.

As you imagine and visualize and verbalize your new story, in time you will believe the new story, and when that happens, the evidence will flow swiftly into your experience. A belief is only a thought you continue to think; and when your beliefs match your desires, then your desires must become your reality.

There is no physical body, no matter what the conditions, that cannot achieve an improved condition. Nothing else in your experience responds as quickly as your own physical body to your patterns of thought.
FOCUSED IN OUR NOW, the only point in which we have the power to create — neither speculating into the future nor reminiscing into the historical past — ABRAHAN speaks, primarily, toward that practical information which we can personally learn to deliberately apply to our current experience and thereby gain beneficial results....

From their broader perspective, unencumbered by your cultural beliefs, ABRAHAN reaches into a place, within you, of clear, primal acknowledge-ment, from which you will repeatedly hear that enthused inner “voice” reminding you, “I knew that!”

As you experience these Special Subject recordings, expect a fresh state of joyous becom - ing, for ABRAHAN'S words will stimulate you to a new beginning. Expect to retain the beliefs that are of value to you, and learn to become unaffected by any acquired beliefs or influences that have been a hindrance. G-8/11/07  You are the leading-edge of creation. Manifestations, as 99% complete before showing evidence. Could she tell a different relationship story? Veteranin lives his experience on “animal time.” Balancing the veterinarian’s relationship with his staff? Could their staff work on animal time? If teacher’s students operate on “animal time”?

G-8/26/07  Are you appreciating the desire-producing contrast? Change the thought and change the disease. When bothered by “upstreamers” is he “upstreaming”? Limit children's television quantity, or quality? Reading about “Sacred Contracts” to commit killings? Should she feel good observing horrible scenarios? Teaching photography wasn’t the “piece of cake.”

G-8/28/07  Your every preference forms your Vibrational Escrow. Your natural inclination is to feel good. Understanding the “Astonishing Power of Your Emotions.” Why has Abraham become available to us? What’s it like to be an Abraham? Is it really “wasteful” to overbuy groceries? Biker wants to feel her sexuality again.

G-9/8/07  The larger part of you is Nonphysical. How can parent help child maintain alignment? He began to focus on dream’s essences. What is religion’s role in family values? Dad wants one neat corner for himself. How can he become a better teacher? Living life in a vibration of appreciation.

G-9/22/07  Before your physical birth, you were thinking. We benefit from desires of previous generations. Is it time to tell different stories? Can she go from believing to knowing? Which wins, his vision or his partner’s doubt? Do prayers attract help or create help? He asks Abraham “Where’s my stuff?”

G-9/29/07  Knowing if it is a Vibrational Match. You are vibration, and you’re Source Energy. Everything physical was once vibrational thought. Whatever you’re living is a Vibrational match. What does the story you’re telling indicate? What’s the vibrational essence of allowing money? This is my story of financial success.

G-10/6/07 — Every manifestation is an indication of vibration. All that’s ever been thought still exists? Preteen daughter feels hurt by schoolmate’s comments. What is creator’s place in product’s distribution? How could his selfishness serve the world? When one person’s suicide causes another’s death? Mother has kids, cats, dogs and chaos.

G-10/12/07 — Law of Attraction, and your natural evolution. Transmitting thoughts of Well-Being felt so fulfilling. Her close ones are preparing to croak. What’s the difference in prophecy and attraction? How can he know if paranoia’s valid. Intentions and allowing vs. goals, and allowing? She found him, but he brings relationships.

G-10/13/07 — You knew, coming in, who you were. When babies are born to worried parents? Her dad has received a frightening diagnosis. His business partner is becoming less compatible. Discord in his family, work, and arm. Nurse shuns medicine, but doubts for children. Should unloving mother be disowned by loving mother?

G-10/20/07 — The Law of Attraction assures your expansion. What do you want from this life’s buffet? Rather than change others, align with yourself. Speaking from the standpoint of Inner Being? Sixteen year old daughter just quit school. Getting patients to envision health vs. illness. What’s the relationship between laughing and crying?

G-10/26/07 — But isn’t there bad stuff that’s “true”? Our joy is our evidence of success. Does each disease have an individual cause? When baby’s born with an illness. How soon do we return after croaking? What can his jailed schizophrenic friend choose. If psychotherapist’s clients recovered and never returned?

G-10/27/07 — All that is physical is Nonphysically based. To naturally flow downstream, stop paddling upstream. How could one’s manifestations slow them down? Can each step be the next logical one. What comes back after his death experiences? Why didn’t his success come even sooner. She feels spooked by an unwanted spirit?

G-11/3/07 — What is it that you do want? Thrive, and tell others how you do it. An appropriate attitude regarding sympathy and gratitude? Should she remember people’s names and faces? Should he apologize for his unique eyesight? Is there greater Intelligence unavailable to us? Did all great teachers die horrible deaths?

G-11/10/07 — You are multifaceted Beings in human form. Desire for relief, and Law of Attraction. But, aren’t desires the causes of suffering? He fears his teenage daughter’s driving lessons. Why would others “claim they’re channeling Abraham.” She is feeling pudgier than she wants. Emotions of Appreciation vs. “Attitude of Gratitude”?

G-11/17/07A — Everything changes as per your current thought. Thought vibration has more leverage than action. We would be picky about feeling good. Whose philosophy will your child eventually follow. His college friend feels larger than life. How can daughter not suffer mother’s stroke. His business partners aren’t practicing Abraham’s philosophy.

G-11/17/07B — Husband makes her shopping splurges feel guilt ridden. Why is Abraham “we” instead of “I”? How can psychologist install worthiness in clients? When “wanting” is a focus on lack. Why do we have sexual attraction preferences? What’s the fastest path to my happiness. Isn’t drug using son his pained mother’s business?
The idea of doing seminars on-board these luxurious cruise ships came when we began asking how we could get together with more of our Abraham friends for a more intimate, extended co-creative time together, and provide comfortable accommodations and wonderful food at reasonable prices.

When the idea of conducting our Law of Attraction seminars on-board these wonderful cruise ships came, we knew we had found the answer to our questions but we had no way of knowing (until we actually lived it) how spectacular this idea was. Maybe because we are together longer, maybe because nearly every morning we awaken to another beautiful port with new and exciting things waiting for us, maybe because we have more seminar time with Abraham, maybe because there are more opportunities to visit and play and discuss what we’re learning from Abraham with our like-minded Abraham shipmates and port-mates, maybe because every day is filled with new fun things to do and incredibly new beautiful places to see — whatever the reason, we are finding these cruises to be satisfying in indescribable ways.

I said “gentle” (top picture) each time my seagull friend swooped in for another snack, and he was so gentle that sometimes he missed, altogether, and had to fly around for another try. What skill. The ship was moving quite fast at the time. He was very good at this. So fun!

EXCITED ABOUT THE CLARITY and practicality of the translated word from the Beings who call themselves Abraham, Esther and Jerry Hicks began disclosing their amazing Abraham experience to a handful of close business associates in 1986.

Recognizing the practical results being received by themselves and by those persons who were asking practical questions regarding finances, bodily conditions, and relationships—and then successfully applying Abraham’s answers to their own situations—Esther and Jerry made a deliberate decision to allow the teachings of Abraham to become available to an ever-widening circle of seekers of answers to how to live a happier life.

Using their San Antonio, Texas, Conference Center as their base, Jerry and Esther have traveled to approximately 50 cities a year since 1989, presenting interactive Law of Attraction Workshops to those leaders who gather to participate in this expanding stream of progressive thought. And although worldwide attention has been given to this philosophy of Well-Being by Leading-Edge thinkers and teachers who have, in turn, incorporated many of Abraham’s Law of Attraction concepts into their best-selling books, scripts, lectures, and so forth, the primary spread of this material has been from person to person—as individuals begin to discover the value of this form of spiritual practicality in their personal life experiences.

Abraham—a group of uplifting Non-Physical teachers—present their broader perspective through Esther Hicks. And as they speak to our level of comprehension through a series of loving, allowing, brilliant, yet comprehensively simple essays in print and in sound—they guide us to a clear connection with our loving Inner Being, and to uplifting self-empowerment from our Total Self.

The Hicks’ may be contacted through their extensive interactive Website at: www.abraham-hicks.com; or by mail at Abraham-Hicks Publications, P.O. Box 690070, San Antonio, TX 78269.

COMMENTS FROM READERS & LISTENERS:

...It’s hard to believe that life could be so simple and so joyous... Thank you, so much, for making an already good life even better! (With lots of good feelings) SC — PA

...I’ve been a “searcher,” “seeker,” “sharer” since I was a teen. My middle name was purported to be “Why?” The information from Abraham is so down-to-earth, useful, compelling, exciting, sensible, practical, empowering, clear, usable. I’m a marvelous deliberate creator now. Thanks for putting the “fun” back into physical life. JS — AZ

...Am so delighted to be reading your books, listening to your tapes and attending your seminars. I am so happy and getting happier and clearer every day. My life has been leading to this point, and it feels like the icing on the cake. I know everything will just get better, although it’s hard to know how. What a powerful gift you’ve given us — the recognition that we each have the ability to create the life we want, and the tools to carry out our plan. Thank you for sharing. — CA
