

Air Program for Tahiti Cruise

All flights from North America (including Canada) to Papeete, Tahiti depart from Los Angeles, California.

Any passengers originating from destinations other than LA will need to connect in Los Angeles.

It is recommended for the best pricing that passengers make their own travel arrangements to LA.

PLEASE ALLOW A MINIMUM 3 HOUR CONNECTION TIME BETWEEN ALL FLIGHTS IN LOS ANGELES.

FOR PASSENGERS REQUESTING CRUISE ONLY WITH AIR

For those passengers only doing the cruise with no pre or post cruise hotel stays, the following flights can be offered based on current availability with the airlines. **For passengers making new air requests, we will try to reserve the best schedule possible, but based on current availability the later flight on May 2 may need to be used along with the return flight on May 8 after the ship docks.**

Airline: Air Tahiti Nui

Air Tahiti Nui exclusively operates one of the youngest fleets of Airbus A340-300 aircraft in the world. These new generation aircraft feature the quietest cabin in the sky while offering state-of-the-art technology.

Airline partners for mileage are American AAdvantage and Northwest Worldperks.

| Date | Routing | Depart | Arrive |
|----------------|----------------------|----------|-------------------|
| May 2, 2009 | LA – Papeete, Tahiti | 1:00 PM | 6:30 PM |
| May 2, 2009 | LA – Papeete, Tahiti | 4:10 PM | 9:30 PM * |
| | | | |
| May 9, 2009 | Papeete, Tahiti – LA | 10:00 PM | 9:15 AM (May 10) |
| May 8, 2009 ** | Papeete, Tahiti – LA | 11:30 PM | 10:40 AM (May 10) |

All passengers taking the Regent Air program offered through Worldview Travel will receive all transfers between the airport / ship along with a tour and day room at a beachfront hotel for May 9.

* For passengers using this late arrival flight, the ship will delay its departure from Papeete to accommodate these guests.

** Passengers are able to fly on May 8 back to LA after the ship docks if required.

FOR PASSENGERS REQUESTING PRE OR POST HOTEL STAYS

The following airline schedules can be offered (based on availability) through the Regent Air program :
